I need it as soon as possible. I can't really spend any more money to close out, until my dollars are approved.

Bev -  
Do you know the answer for this information?

Good Afternoon Mike,

I need the following information for the PRFA:

Agency Address  
Agency Locator Code  
Agency DUNS  
Agency Tax ID

Also, please let me know where you stand on the scope of work and all accounting documentation. This is what I will need to send to NPFC.

Respectfully,

Hey Jeremy-  
Would the PolReps suffice?

Good Afternoon Mike,

I understand there is a need to close out this documentation. However, I need to get you to draft your own statement of work for what EPA work was conducted at the site. You need only account for EPA and START personnel with this regard. Your statement of work can be in bullet format, according to NPFC. Your cost documentation can be what you would normally submit to NPFC. As soon as I get this information I can go forward with submitting the entire packet to NPFC.

If you have any other questions please let me know.

Respectfully,

MST1 Jeremy V. Thomas

Hey Jeremy-

I wanted to follow up on the status of the PRFA request. I'd like to closeout our contractor's project, but I need to make sure everything stays within budget. Please let me know if you have any questions, and when you might expect it to be complete?

Thanks,

---
